

MILLENNIAL

HADASSAH STEM

Sponsorship Opportunities

ABOUT US

Millennial Hadassah STEM is contributing to the movement of uniting and educating young girls on the benefits of STEM so they can reach their true potential.

We want to create a world where girls can dream and through STEM turn their dreams and ideas into reality. Building healthier communities and stronger nations.

Mission: To provide service and a supportive atmosphere by creating awareness of the benefits and opportunities within the STEM program for African young girls.

OUR APPROACH

FIRST

Identify & mentor young leaders, training and supporting them to develop their abilities

SECOND

Expose girls to STEM programs to help them learn, connect and build their new skills.

THIRD

Connect girls with similar passion-providing through a generational community made in our community

SIGNATURE PROGRAMS

BOOTCAMP

The Bootcamp is a residential program that creates an environment where the girls learn to create useful technologies for everyday living through programming, mobile application development, graphics designing, etc. This helps schoolgirls develop an early interest in STEM and related careers.

TEACHER TRAINING

Hadassah understands that training teachers is a critical component in ensuring that African girls are trained in STEM. We work with local foundations to focus on giving teachers GENDER-SENSITIVE STEM curriculum so teachers can help guide and recruit more girls in STEM and prevent gender bias and stereotypes in their classes.

HADASSAH CLUB

School-led program that focuses on enhancing the knowledge the girls have gained from bootcamps. The clubs are chaperoned by the teachers who underwent gender sensitive STEM curriculum training. After each session of the Hadassah Club, there is a competition or showcase to witness the girls' growth.

OUR OUTCOMES

INCREASED INTEREST IN STEM

Hadassah STEM educates our girls through fun and engaging STEM programs and activities.

LEADERSHIP DEVELOPMENT

Hadassah STEM challenges the traditional standards of leadership by encouraging our girls to speak their ideas and opinions.

SELF ESTEEM

Hadassah STEM staff advocate for young girls to find their confidence needed to see themselves as powerful force of change.

OUR PARTNERSHIP MODEL

Every partnership with Millennial Hadassah STEM is unique. We will work with you to establish a perfect partnership! We want our relationship to invoke beneficial impact towards the girls.

From financial gifts, event sponsorships, employee involvement, cause-related marketing and your contribution will make a difference in their lives
